Police said young Blankenship was cut down by a bullet from a foreign-made automatic fired by Santana Saturday night in the Bronx. Blankenship was on his way to the movies with a friend.

Police quoted Santana as saying he thought Blankenship was a member of the "Golden Guineas," a gang feuding with his "Navajos" over the use of a similar "uniform"—a black-and-yellow zipper jacket with a picture of an Indian on the back.

Santana claimed that a group of "Golden Guineas" ganged up on him last week, just because he was wearing such a jacket, police said.

Boards Should Raise Salaries

Mrs. Harley quoted Dr. Ralph Swann, acting superintendent of public instruction, as saying at Harrisburg that state teachers' colleges in this state are at capacity but cannot meet the need for teachers. He predicted that by 1965 "we will need 12,000 to 15,000 professional staff members exclusive of replacements."

Mrs. Harley told the teachers the Harrisburg conference had "to say about teachers salaries: 'Teachers' salaries are inadequate. Students realize high school graduates can earn as much the first year out of high school as they could as teachers after four more years of (Continued On Page 3)

BEGIN CLEANUP OF TOWN TODAY

Gettysburg's "Clean-up, Paint-up, Fix-up" period began today, with the town said to be in "the cleanest condition it has ever been prior to a clean-up campaign."

Borough Health Officer Donald Staub said the Gettysburg firemen distributed 1,000 pamphlets Saturday and put up a number of posters calling attention to the need for general cleaning of rubbish from the homes as a fire prevention measure. The firemen are also offering to visit any home or business place at the invitation of the owners to make a thorough inspection for fire hazards and make such recommendations as may be needed.

Staub said the board of health in its tour of the borough last week found the community "the cleanest it ever has been prior to a drive."

The board had one suggestion however. A great number of "semi-falling down shacks" were observed in the back yards of numerous homes and the suggestion was made that they be torn down before they cause injury to children who may climb upon them. They also are "generally rat breeders," according to the board. The old structures are mostly sheds that once housed a horse and buggy, or smokehouses, and similar structures that have been "slowly rotting away unused except as a junk storage for years."

The borough workmen this week are touring the town to pick up junk and debris placed in the alleys to be hauled away by the trucks to the borough dump.

Final Clean-Up Of Town On Tuesday

Borough workmen will begin Tuesday morning their final cleanup trip through the town and rubbish not collected then will not be gathered by the borough.

Borough Engineer LeRoy H. Winebrenner estimated that three or four days may be required to make the final rounds through town alleys gathering rubbish in the annual cleanup. A great deal of the work already has been done, Winebrenner said.

5 APPLY FOR WEAVER'S JOB

William G. Weaver Saturday concluded his services as the county's chief assessor.

Mr. Weaver, who had served as the chief assessor since the origin of the present program three years ago, had originally resigned effective the middle of May. He told the commissioners however that a planned expansion of his souvenir business "is developing faster than I had expected" and asked to be relieved of the duties at the earlier date.

This morning he moved Civil Defense material at the chief assessor's office to his office in the fire engine house. Mr. Weaver is continuing with his duties as Civil Defense director for the county and burgess of Gettysburg.

No successor has been named as yet. Clarence C. Smith, commissioners' clerk, said it was expected that the matter would be discussed at Wednesday's meeting because "of the day to day work of the chief assessor's office which must be done and can't be allowed to pile up."

During the interim Smith and Ray Snyder, another commissioner's clerk, are carrying on part of the work until a successor is named.

Opening prayer was offered by the Rt. Rev. Msgr. Patrick G. McGee, pastor of Annunciation of the Blessed Virgin Mary Catholic Church. The address of welcome was by Edward P. Poist, former McSherrystown postmaster. Bernard P. Noel was toastmaster. Closing prayer was by the Rev. George E. Bowersox, pastor of St. Paul's Lutheran Church, McSherrystown.

Guests included H. Earl Pitz, resigned director of highway safety, who introduced the speaker; Paul M. Garrett, president, and Jacob Wirt, executive secretary of the Hanover Chamber of Commerce, and Thomas Lishersberger, president of the McSherrystown Junior Chamber of Commerce.

preparation. School boards should do something about raising salaries. If teachers must initiate such a move, attitudes are revealed that are detrimental. The people must be interested and the board must handle the subject so that teachers don't have to barter with boards for increased salaries."

The speaker Saturday concluded by pointing to scholarships offered teachers and discussing the length of the school term, merit salary increase and urging teachers to help recruit more teachers.

Other related subjects discussed at the meeting Saturday included what the schools should accomplish, how schools can get enough good teachers and keep them, school building needs, school financing and the attracting and maintaining of public interest in the schools.

It CAN'T Happen... But ... It HAS Happened

Miraculous! Unbelievable!

This is the fascinating story of a living miracle—a man whom God has called . . .

On March 13, 1949, Louis Nelson, former owner of a gambling den in lower California, found Christ as his Saviour at the Church of the Open Door in Los Angeles under the preaching of Dr. J. Edwin Orr.

For over 20 years (since the age of 15) he had gambled his way from coast to coast following the devious methods of crooked cards and dishonesty. While in the Navy, he had received a general Court Martial for stealing from the Naval Commissary at Pearl Harbor, and as the result at the age of 17, spent time in the Naval Federal Prison. He was pardoned, however, and released from the prison sentence when he endangered his own life by extinguishing a fire that imperiled many lives. During the latter part of the war, he received a meritorious conduct discharge from the United States Army Military Police for services during World War II.

At one time he attempted to "go straight" of his own will, joining the police force of Gardena, California, but because of his underworld associations, he was dismissed from the force and returned to his former ways of sin. He then engaged in many forms of vice, acquiring a fortune, owning property in various parts of the country, intent on building up his own underworld "empire."

Sin was taking its toll, however, and Louis Nelson sought relief in alcohol. With his fortune lost, his properties gone, his former worldly friends forsaking him, he determined to end it all by suicide. While staggering down the street towards his own destruction, a little old Christian lady with white hair stopped him, put her arms around his shoulder, told him of Someone who could help him, and directed him into the service where he accepted Christ.

Since that time, he has given himself to full-time service for Him. The first time he gave his testimony publicly was with Dr. Billy Graham in Los Angeles in the great campaign of 1949.

Departure of Mr. and Mrs. Wilson: The Rev. David Wilson and his esteemed companion left us Tuesday morning for their field of labor in Liberia. They went to that country four years ago, where Mr. Wilson had charge of the Alexander High School. The health of both having failed, they returned to this country to recruit it which having regained, they return to the field to which duty calls them. They expect to sail from New York between the 10th and 15th. Deeply interesting exercises were had Sunday evening in the Presbyterian Church, with reference to their departure, and the assembly was very large. Addresses were delivered by Rev. Mr. Wilson, Rev. Dr. Baugher, and Rev. R. Johnston. The esteemed missionaries carry with them the sympathy and prayers of our entire community.

SEVENTY-FIVE YEARS AGO
On Monday night Dr. T. T. Tate was called on to attend a young man in the employ of John Frommeyer, living about a mile north of town, who had been kicked in the head by a colt. It seems that he went to the stable to get the animal to go to singing school. About 9 o'clock he was found in the stable insensible, with his forehead, between his eyes badly cut. Dr. Tate sewed up the wound.

Rev. H. R. Fleck, of Stone Church, Pa., has been spending a week or ten days in this place. He was called here by the sickness of his son, a student in the Preparatory Department, who was for a time dangerously ill with pneumonia.

Today's Talk

BEST OF ALL
Sir William Mallock, at one time the chief justice of Ontario, was given a party on his 95th birthday. He gave a wonderfully inspiring talk to the corner-stone could well be concentrated into these few words: "The best of all is friends."

The great Justice lived to round out the century!
Imagine yourself without a single friend. You would hardly know what to do, where to go or how to live out your life — if you could! Friends are as essential as the air we breathe for without them the mind would grow cold and the heart would lose its resilience. We need friends and we need to be a friend. It's a give and take affair.

I believe it can be proved to be a fact that the one with friends is not only the happiest of creatures but the most successful. Widely travelled reporters have told me most interesting stories about the late Bob Davis, who seemed to know almost every place in this world — where travelers were wont to have been. But the significant thing was the trail of friends left behind and the memories awakened whenever his name was mentioned.

Yes, "the best of all is friends." Better than fame or the tinsel of applause, better than vast properties — better than gold!

We can very well know a person after having met and learned about that one's friends. Our friends are largely our other selves. Like a chain of banks or hotels we have branches of ourselves in the friends we have made.

Under the glass of my office desk are these words: "When we leave Hawaii we die a little!" Having once visited those beautiful islands I can grasp the significance attached to those words. It's the same with our friends. When one is lost we, too, die a little. But when we meet one unseen for many years, or contact a new one, we live anew!

Tomorrow Mr. Adams will talk on the subject: "The Greatest Hobby."

2 FUGITIVES
IN STOLEN CAR
ELUDE POLICE

HARRISBURG (AP) — State and local police today pressed a search through a wooded area of nearby Lemoyne for two fugitive youths who the police believe could be escapees of a New York County prison.

After a wild chase down Rts. 11 and 15 that state police clocked at speeds up to 90 miles per hour last night, the youths abandoned their stolen car and fled into the woods.

The state police reported that the abandoned car was one reported stolen from Ambrose M. Wagner, Watkins Glen, N.Y. That town is some 200 miles southwest of Canton, N.Y., where three armed youths escaped a county jail last Wednesday.

The highway chase began when the youths, described as being about 18 and dressed in work clothes, pulled into a gas station at Duncannon, a few miles north of Harrisburg, and had their car tank filled.

However, they sped away without paying for the gas and station owner Roy J. Smith notified state policeman Harold E. Selecky.

Selecky spotted the pair and chased them south on the highway to the point where they abandoned their car.

Road blocks were established on highways leading out of the Harrisburg area.

The police said one of the youths was dressed in a green workshirt, and brown pants the other wore khaki colored pants.

Cashtown and New Windsor each won their second straight victories in the Pen-Mar Baseball League, Sunday.

A superb relief pitching stint by Jim Spence enabled Cashtown to edge Fairfield 2-1 in a snappy game before a big crowd at Cashtown.

Spence relieved starter "Skip" Fisel in the third inning and blanked his opponents the remainder of the way on five scattered hits. Timely hitting gave Cashtown its pair of runs.

New Windsor upended invading Thurmont in a slugfest 11-8.

Union Bridge tabbed seven runs in the top of the 10th inning to break a 3-3 deadlock to gain a 10-4 victory at Blue Ridge Summit.

New Oxford hit hard to gain a 13-8 win at Emmitsburg in another free-hitting contest.

GLAMOR FOR POTATOES?
ITHACA, N. Y. (AP) — Prof. F. M. Ithaca of Cornell University's vegetable crops department says potatoes are in declining demand, but would sell better if attractively packaged.

Ithaca said a recent test in Maine showed that potatoes washed and displayed in transparent wrappers outsold unwashed spuds by more than five to one. He said growers were enthusiastic over the experiment.

DALLAS, Tex. (AP) — A divorce-seeking husband wore the evidence to court. He told District Judge Dallas A. Blankenship a fight started because his wife didn't like the suit he was wearing.

The judge studied the suit—pink coat, pink vest and pink slacks, with pink shirt and pink handkerchief as accessories. Then he granted the divorce.

BANK OFFICIAL
AND ABDUCTOR
KILLED IN CRASH

KAMPSVILLE, Ill. (AP) — A bank official and one of two men who abducted him and his wife were killed last night in an automobile wreck while being pursued by peace officers.

The dead were Harry Waldhuser, about 63, cashier of the Calhoun County Bank at Kampsville, and a man identified by Sheriff Paul L. Aderton as Thomas Underwood, about 26, of Washington Park, Ill.

Mrs. Lela Waldhuser, wife of the cashier, and a second abductor, Eugene Clifford Hubbard, about 26, of Collinsville, were seriously injured, the sheriff said.

He said an apparent attempt to force Waldhuser to go to the bank was forestalled when Mayor Jesse Campbell and his wife, neighbors of the Waldhusers, became suspicious of a car parked between the Campbell and Waldhuser homes and of the strangers in the Waldhuser house.

A crowd of about 30 persons gathered about the Waldhuser home after Mrs. Campbell telephoned an alarm. Campbell said one of the men shouted to the group:

"You better get back or we'll kill them both. If you'll move away, no one will be hurt. We've gone too far to pull off now. We're going to take them with us for protection."

The mayor said there was an exchange of shots as the two men, with the Waldhusers in the car as hostages, sped out of this town of St. Louis, but no one was hit.

The speeding car overturned on a curve about a mile out of town.

The man wrote from Fort Qu'Appelle, Sask., that his wife is living with another man. Justice D. Johnson wrote back that he could not untie the marital knot and advised that an attorney be consulted.

Divers Hopeful As Pearl Prices Rise
PAPEETE, Tahiti (AP) — A new diving season is filled with hope for the divers. Not long ago, the change of fashion, which substituted plastic buttons for mother-of-pearl, foreshadowed the passing of the pearl shell from the world's market places.

But the mother-of-pearl has become a vital ingredient in the manufacture of certain war materials. Once again prices are high, compensating for a loss in revenue because of a fall in the price of copra (dried coconut meat from which coconut oil is pressed out).

Bob Feller, Herbie Score Put Cleveland On Top With Pair Of Victories Over Boston Red Sox

By JOE REICHLER
The Associated Press

The American League champion Cleveland Indians were back in first place today and who do you think put them there?

Bob Lemon? No. Early Wynn? No! Mike Garcia? No! None of the fabulous Big Three had anything to do with it.

It was 36-year-old Bob Feller, who wasn't even trusted to pitch in the World Series last fall, and 21-year-old Herbie Score, who did not even join the Indians until this spring.

Double Victory
They put two brilliant pitching exhibitions back to back as the Indians twice conquered the Boston Red Sox 2-0 and 2-1 to forge into a half-game AL lead.

Feller, only pitcher since 1900 to turn in three no-hitters, came within eight putouts of getting his fourth as he won his first game of the season and 263rd of his career in the opener. He permitted only one hit—a one-out seventh-inning single by Sammy White. It was his 12th no-hitter.

Score, who was only 4 when Feller set the major league strike-out record of 18, came within two of Bob's mark, striking out 16 in the second game.

Yanks Stop Tigers
Three teams—New York, Detroit and Chicago—were locked in a second-place tie, a half game behind Cleveland when the Yankees snapped Detroit's seven-game winning streak with a 6-1 triumph and Baltimore held the hit Sox even in a double-header. The Orioles took the opener 9-8 in 11 innings and the hit Sox won the second game 6-3.

Kansas City's surprising Athletics moved into fifth place, past the Red Sox, taking a 16-10 slugfest from Washington with a six-run seventh inning. Jim Finigan paced a 16-hit attack with a double and triple, scored four times and drove in three runs.

Brooklyn's jet-propelled Dodgers made it 15 victories in 17 starts, defeating the Milwaukee Braves 5-4 on pinch hitter George Shuba's run-scoring single in the eighth. The St. Louis Cardinals were held to a split in their double-header with Pittsburgh but took over second place by percentage points from Milwaukee. The Cards won the opener 4-3 but lost the second 7-0 as Ronnie Kline made his first major league victory a shutout.

Cubs Edge Phils
The New York Giants and Cincinnati Reds played 16 innings before Johnny Antonelli beat the Redlegs 2-1 with a dazzling six-hitter. Pinch hitter Billy Taylor's long single scored Whitey Lockman from third with the winning run.

Chicago's Cubs edged Philadelphia 8-7 on Ransom Jackson's two-run single in the ninth inning of the opener and led 4-2 with the Phillies at bat in the ninth when the game was halted because of the Pennsylvania Sunday curfew law. The game will be completed tonight. Gene Baker's seventh inning homer broke a 2-2 tie in the seventh.

Larry Doby figured in both Cleveland victories. He singled in the second inning of the opener and scored what turned out to be the deciding run on Jim Hegan's infield out. Hegan tripled home Ralph Kiner for the other run. In the second game, Doby's first-inning double scored Bobby Avila and Vic Wertz.

Turley Fans Six
The Yankees' Bob Turley fanned six Tigers and yielded four hits as he chalked up his fourth victory without a defeat.

A bases-loaded single by pinch hitter Jim Pyburn, a bonus rookie, scored two Oriole runs in the top of the 11th in their first-game victory. Billy Pierce scattered 12 hits to win his second game of the season for the Sox in the nightcap. Gil Hodges, who earlier had hit a home run and double, singled to open the Dodgers eighth after the Braves had scored twice in their half to tie the score at 4-4. Hodges advanced to second on a two-out single by Carl Furillo and scored the winning run when Shuba blooped a Texas leaguer to center.

Blasting out a total of 22 hits, Greenmount crushed Harney 20-9 at Greenmount for its second win. Harney got off to a 5-1 lead in the first inning but the heavy Greenmount bats began to take their toll in the later innings. R. Miller, Brennan and J. Fisel homered for the winners while Staley hit for the circuit for the losers. Brennan led the Greenmount attack with five hits with Miller and Codori each getting four. F. Cool of Harney pined three.

Wenksville edged Taneytown on the latter's field 8-6 with Pitzer hurling the victory. Dougherty and Koutz divided the pitching for Taneytown. The game was close throughout.

A two-run rally in the last of the ninth inning gave Mummasburg a thrilling 7-6 victory over Hunterstown in a game which saw the lead change hands several times.

Ken Black hurled steady ball as Bonneauville topped Brushtown 9-3 at Bonneauville. Warner of Brushtown pined the only extra base blows, a pair of triples.

ARCHIE MOORE AND NINO VALDEZ CLASH TONIGHT

By THE ASSOCIATED PRESS

Light heavyweight champion Archie Moore and Cuba's Nino Valdez, each yearning for a crack at heavyweight ruler Rocky Marciano, clash tonight in a non-title 15-round bout in Las Vegas, Nev.

Both put up a loud holler when Marciano bypassed them in favor of England's Don Cockell. The two then agreed to battle it out so that the winner could put the pressure on the heavyweight champion for a September title bout.

The 38-year-old Moore, winner of 19 straight fights over a three-year span, is 2-1 favorite to beat the 30-year-old Cuban, now the No. 1 heavyweight contender, for the second time. Archie, a six-footer out-pointed the 6-3 Cuban giant in a St. Louis 10-round, March 11, 1953.

There will be no radio broadcast or telecast.

Other Fights
Ronnie Delaney, the once-beaten middleweight contender from Akron, is a 4-1 favorite to beat Virgil Akins of St. Louis in a 10-round at New York's St. Nicholas Arena tonight. A southpaw, Delaney has a 49-1-3 record. Akins' record is 26-13-1.

Du Mont will telecast at 9 p.m. EST.

Brooklyn's Carmelo Costa, sixth-ranked featherweight contender, is a 4-1 choice over 22-year-old Tony Puleo, another Brooklynite, for their 10-round at Brooklyn's Eastern Parkway Arena. Puleo's record is 8-3-2. Costa, 20, has a 25-2-3 record.

ABC will telecast at 9 p.m. EST.

Bullets Fail To Place In Relays

Gettysburg College's half dozen entrants in the Penn Relays at Philadelphia failed to place in two events.

The mile relay team of Ernie Paliszewski, Charley Naumann, Ron Paul and Don Brake, finished fifth in the second heat of the Middle Atlantic mile and thereby failed to qualify for the final. Haverford won the heat in 3:29.1. The final event was taken by St. Joseph's in 3:21.8.

Les Eckman cleared the bar at 6 feet in the high jump but failed to place as four entrants tied for first place with jumps of 6-4.

The Bullets go to Bucknell Wednesday for a triangular meet in which Juniata will also participate.

DOCTORS BUSY FOR MARATHON

PHILADELPHIA (AP)—Ted Corbitt of New York won the first annual Fairmount Park Marathon yesterday—a race dedicated as much to science as to sport.

Corbitt toured the 26-mile 385 yard course through the central Philadelphia park in two hours 38 minutes and 20 seconds, more than 20 minutes off the fastest American marathon time set in the annual Patriot's Day BAA grind in Boston two weeks ago.

A corps of physicians, chiropractors (foot doctors), medical and X-ray technicians and physical education instructors tested and examined the competitors both before and after the race. They were attempting to determine if constant physical exertion tends to speed or deter the aging process in man.

Corbitt was 59 seconds ahead of second place Rudy Mendez, a teammate from the New York Pioneer Club. Third in 2:49:43 was John A. Kelley of Arlington, Mass.

The Binghamton Triplets, only a game out of first place, clash tonight with the Reading Indians in the first "crucial" series of the Eastern League race.

The Triplets defeated Allentown twice Saturday and once again yesterday to threaten front-running Reading. The Indians dropped two single games to host Williamsport, 7-6 Saturday and 3-2 yesterday.

Binghamton rapped the hometown Redbirds, 8-3 and 9-6 Saturday and 4-6 yesterday to take three of the four-game series.

In other weekend action, Elmira broke a three-game losing streak by dumping visiting Schenectady, 7-2, yesterday after losing, 5-4, Saturday; Wilkes-Barre salvaged the final game of its series at Albany 4-1 yesterday. The Barons lost 7-3, Saturday.

Albany and Schenectady are tied for third, 1½ games from the top. Elmira, Williamsport and Allentown are 2½ back and defending champion Wilkes-Barre is in the cellar 4½ games out.

MOUNT SHARES DOUBLEHEADER WITH CATHOLIC

By THE ASSOCIATED PRESS

Mt. St. Mary's College split a diamond doubleheader with Catholic University Saturday in Washington, dropping the opener in an extra inning, 4-3, but trouncing Catholic 13-3 in the nightcap. This gives the Mounts a 2-2-3 record for the season to take to Washington College, in Chestertown, Md., where they play another twin bill today.

The Mounts blew an early lead in the see-saw opened, but tied it up, 3-3, in the seventh, forcing the contest into overtime. A hit by catcher Barney Kaysak drove in the winning run for the home team in the eighth.

In the second game, Jimmy Phelan's lads combined eleven hits with five C. U. errors for their triumph. Joe Smith and Marone divided the pitching chores, limiting Catholic to four hits.

Public Hearings On Huge Tax Measure May Begin Tuesday

HARRISBURG (AP)—The General Assembly opens hearings this week, possibly tomorrow, on Gov. George M. Leader's 1 1/2 billion dollar budget, putting off for at least a month a vote on his classified income tax bill.

Rep. J. Dean Polen (D-Washington) chairman of the House Appropriations Committee, called an afternoon meeting of his group today to work out details of the budget hearings.

The governor said he hoped the Republican-ruled Senate Appropriations Committee would participate in the Democratic House hearings so that a joint session could be held.

However, Polen said his group would go ahead with its hearings whether or not the Senate group participates.

Republicans have claimed some 100 million dollars could be trimmed from the all-time high budget. Polen, said he expected some cuts could be made.

Leader, himself, said at his news conference last week, he welcomed Assembly hearings on the budget, and added:

"If they can find any fat in the budget, I shall be the first one to hope they can take it out."

Also voicing the administration stand was Rep. Albert S. Readinger, Democratic floor leader. He said if hearings divulge any "fat" in the budget, "Democrats will be the first to go along on the pruning."

At the same time Readinger blamed previous Republican ad-

ministrations for failing "to underwrite all appropriations with corresponding tax programs," adding in a statement:

"Economies alone will not dissipate the tremendous problems inherited by Gov. Leader. Economies certainly will be effected once we have an opportunity to reorganize and stabilize the functions of each department and provide a dollar's worth of service for each tax dollar."

30 Days Of Hearings
Possible action on the governor's tax program was expected to hang fire during the budget hearings. The proposed tax plan is in the House Ways and Means Committee.

The hearings are expected to last 30 days.
Nine Democratic representatives have lined up publicly against the income tax bill. If the Republicans voted as a block that number of opposing Democrats would be more than enough to kill the measure.

The Republicans — expected to solidly oppose the plan — number 98 in the House. Democrats have 112. At least 106 votes are needed to pass tax legislation.

Rep. Charles C. Smith, Republican floor leader, has said 100 million dollars can be trimmed from the budget.

The budget will share the spotlight with other events tomorrow when legislators return to begin the fifth month of sessions.

Festive Day Tuesday
Tuesday will be a festive day for the Democrats who have

planned a day-long celebration for the inauguration of Miss Genevieve Blatt, the first woman ever elected secretary of internal affairs.

Gov. Leader, who flew to Washington yesterday for four days of conferences with various political and government officials, planned to fly back to the commonwealth to attend the inauguration.

The governor also will deliver the principal address at a Jefferson-Jackson Day dinner honoring Miss Blatt tomorrow night. An estimated 3,000 diners—each paying \$100 a plate for the affair—will be on hand for the dinner. Also expected to attend is Paul Butler, Democratic national chairman.

Guest At Luncheon
After being sworn in by Judge Anne X. Alpern, of the Allegheny County Court, Miss Blatt will be feted at a luncheon of the Pennsylvania Federation of Democratic Women.

The administration also is expected to push for a Senate vote on a plan to sell and lease a huge tract of state forest lands in Clearfield, Cameron and Elk counties to the Curtiss-Wright Corp. for location of an aircraft research center.

The Pennsylvania Motor Truck Assn. readied its plan to increase truck weight limits for possible introduction next week.

In the House, a final vote is scheduled on legislation to transfer from the Health Department to the Forests and Waters Department the responsibility for administering the commonwealth's clean streams program.

May Slash \$75 Millions

On taxes, the interparty word battle continued with both sides exchanging statements.

Miles Horst, Republican state chairman, contended some unidentified Democratic leaders are saying privately that up to 75 millions can be scraped from the Leader budget.

The governor could do it, Horst said, "if he just learns how to say 'no' to the Democratic politicians who are bombarding him to create a lot of high salaried political jobs."

On the Democratic side, Sen. Joseph M. Barr, party state chairman, argued that the administration's classified income tax plan is preferable to "a stepped-up sales tax."

May Boost Sales Tax
Barr said the present one percent sales tax "conceivably might be hiked to five per cent, with take-home food the only exemption."

That would come about, he noted

17 AR KILLED, SCORES INJURED OVER WEEKEND

By THE ASSOCIATED PRESS

Clear skies and high temperatures brought Pennsylvania motorists en masse onto state highways over the weekend. The result was a sharp rise in accidents and a toll of 17 dead and scores more injured.

Mrs. Lucille Sandberg, 46, of Port Allegany, was killed yesterday as the auto in which she was riding crashed against a concrete bridge abutment on Rt. 156 about three miles north of Emporium. Her husband, Raymond, 54, the driver, was admitted to St. Mary's Hospital.

The crash of two autos and a trolley in Pittsburgh killed Joseph Verno, 37, of Homestead, and injured Carl Rodhe 30, and Howard Shore, 41-year-old trolley operator. Both injured men are from Pittsburgh.

In Ellenton, Lycoming County, Mrs. Harold Bender of Muncy Valley was killed in a head-on auto collision. Eleven other persons were injured, some critically.

2 Killed In Collision
A car collided with a truck-trailer on Rt. 41 near Avondale, in southeastern Pennsylvania, killing two and injuring six others.

Another crash near the same community took the life of Mrs. Velma M. James, 36, of Elizabethtown, N.J. The auto in which she was riding smashed into a utility pole.

A head-on crash of two cars nine miles east of Lewistown killed Clarence L. Munn, 47, of Millington and injured six others.

An auto spun out of control and crashed into a utility pole in West Pittston, killing Charles Ciall, Pittston, and seriously injuring four other car occupants.

An 18-year-old youth from St. Mary's, Gary Dippold, died, and two of his companions, Richard Taylor and David Shope, both 18, were hurt when their car overturned on Rt. 255 near Clearfield.

Hanover Man Killed

A motorcycle collided with a car near Hanover, killing 25-year-old Richard C. Smith of Hanover and injuring the motorcycle driver, Robert S. Slothour of Hanover. A car skidded into an embankment near Selinsgrove, ending the life of James H. Hassinger, 19, of Beavertown.

A hit-run driver apparently "to meet the state's gigantic financial obligations," Smith, in another statement said Leader hopes to "pluck a huge surplus out of the taxpayers' pockets now and then try to fool the people again" in 1956.

Countering, William D. Thomas, secretary of property and supplies, told a Sharon audience Saturday that the income levy would hit 80 per cent of the public no harder than the money they now pay in social security taxes.

Graham Audience Totals 2,547,365

GLASGOW, Scotland (AP)—Billy Graham said his six-week Scottish crusade was the largest evangelistic event in history. Television and telephonic hookups swelled his total audience to 2,547,365, he reported last night.

Graham wound up his nightly meetings Saturday with a mammoth gathering of more than 100,000 persons at Hampden Park Stadium.

The American evangelist told a news conference that 52,253 persons made "decisions for Christ" during the campaign.

Graham will preach in London's giant Wembley Stadium May 14-23. He also will conduct evangelistic meetings during the summer in a number of cities on the European Continent.

You'll feel like a pilot

without leaving the ground

Just wait till you switch the pitch of Buick's new Dynaflow!

HOW would you like to take the wheel of a high-powered Buick and feel an experience you never felt before in any earth-bound vehicle?

How would you like to do—just by pressing down the gas pedal—what a pilot does when he's ready for take-off?

And how would you like to drive with the happy thought that you're getting plenty of miles per gallon in normal cruising—and the electrifying action of the world's first airplane-principled transmission when you need it for split-second getaway response?

It's all for you when you say the word and slip into the driver's seat of a new Buick with Variable Pitch Dynaflow.

Not only do you take command of record-high Buick V8 power—and the most envied ride in the industry—and the brawn and heft and luxury of a truly solid automobile.

You also call the turn on twenty propeller-like blades deep inside a wondrous new Dynaflow that's patterned after the principle of the modern plane's variable pitch propeller.

You hold these blades in their high-economy angle when you press the pedal in the normal way—and you get a lot more miles from a tankful of gas.

You switch the pitch of these blades to take-off position when you press the pedal way down—and you get spectacular action instantly.

Don't take our word alone that this is thrilling beyond all previous experience.

Talk to anyone who's tried it. Or, better yet, come try it yourself. That way you can learn firsthand why Buick sales are soaring to all-time best-seller highs. Drop in this week, won't you?

Rooms Six
Bedrooms Four
Closets Nine
Cubage, House 24,700 ft.
Garage 3,700 ft.
Dimensions 43' x 27'

Containing three regular bedrooms plus the optional bedroom which can also be used as a den or dining room if you prefer, "The California" has a generous amount of sleeping area—even for the family of above-average size. All of these rooms are well lighted and ventilated and boast generous closet storage space.

The unusually spacious living room—it measures 19 feet x 15 feet—is planned so that it can double as a dining room. Well lighted by five windows, the room contains a handsome fireplace and convenient built-in book shelves. Your dining room set should be placed in the rear of the room where it will be most accessible from the kitchen.

Chances are, however, that you'll use the cozy breakfast nook for the majority of your family's meals. An extra window in the left wall provides extra light and air for this pleasant eating spot.

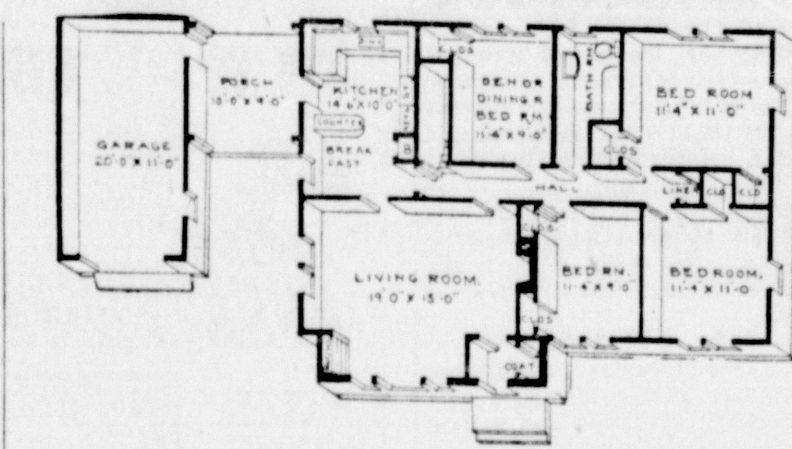

A handy counter separates the breakfast nook from the kitchen proper. The lady of the house will welcome this extra counter space;

she'll find it especially handy when serving meals in the breakfast nook.

The kitchen is planned so that everything is within easy reach. Counter space and appliances line the right wall to the good sized broom closet in which you can store all of your cleaning equipment. Placed under the double windows in the back wall of the room, the sink is centered in the array of cabinets, cupboards and counters.

Connecting the house and garage is a porch which can be enclosed and made into a first floor laundry. More and more women are demanding first floor laundries in their homes because they find this arrangement more convenient than having laundry equipment placed in the basement. If you do have this porch enclosed and converted into a laundry be sure to provide doors for easy access to the yards.

Measuring 43 feet x 27 feet, "The California" has a cubage of 24,700 feet. Cubage of the garage is 3,700 feet; at least a 70 foot lot would be required for "The California."

You can use just about any finish for the exterior of this house but a combination of fieldstone and shingles, as used in the illustration, seems especially appropriate and attractive.

MAKE SHIRT INTO MATERNITY CARB

By DOROTHY ROE
Associated Press Women's Editor
Hubby's shirt seems to be standard equipment for young mothers-to-be these days. The pretty maternity overblouses are slipped on for dinner, movies or cocktail parties. But the sturdy, washable shirt does daytime duty for household chores.

A girl's morale is important, however, even when she's alone in the house, and a man's shirt is not noted for chic. Local sewing center experts offer a few tips on how to dress up the male shirt to make it attractive and feminine, without sacrificing its practical virtues.

First thing to do is cut off the tail to a becoming length. Put in a neat hem and border with a strip of bias binding.

Even though the sleeves are too long, you can achieve a becoming detail without major alterations. Simply put a couple of rows of binding on the cuff and push up the cuffs to the elbow for a pretty lantern-sleeve silhouette.

Remove Collar
Now for the collar. Just take it off, and stitch around the opened seam at the binding. You can make a square yoke effect with more of the contrasting bias binding and use the same to border the front closing. This gives a nice long-line effect which will draw attention away from your girth, and also disguises the left-to-right buttoning.

For a finishing touch, add a little bow-tie at the neckline, and you have a trim and becoming maternity blouse. One of your husband's old shirts, which has a frayed collar, is perfect for the purpose.

FRANCE BONN WILL WORK FOR BIG FOUR TALKS

By BRACK CURRY
BONN, Germany (AP)—West Germany and France are agreed that no time should be lost in trying to set up a four-power conference with Russia, a government spokesman said here today.

He told a news conference it was agreed approaches to Moscow should be made as soon as the Paris treaties go into effect. Ratification instruments for the treaty ending the occupation are to be deposited here Thursday by France and Britain. The United States and West Germany have already done so.

The spokesman was elaborating on a communique issued yesterday after two days of talks between French Foreign Minister Antoine Pinay and Chancellor Konrad Adenauer.

Ask Security System
After considering Soviet policy and intentions the two statesmen called for creation of a general security system. The spokesman said today this should "be connected with the Soviet Union."

He disclosed that Adenauer and Pinay have not yet agreed on a candidate for high commissioner of the Saar. He has to be neither French, German nor Saarlander. He will be appointed by the Council of the West European Union but must be acceptable to both France and Germany. The spokesman said no agreement has been made on what nationality he should be.

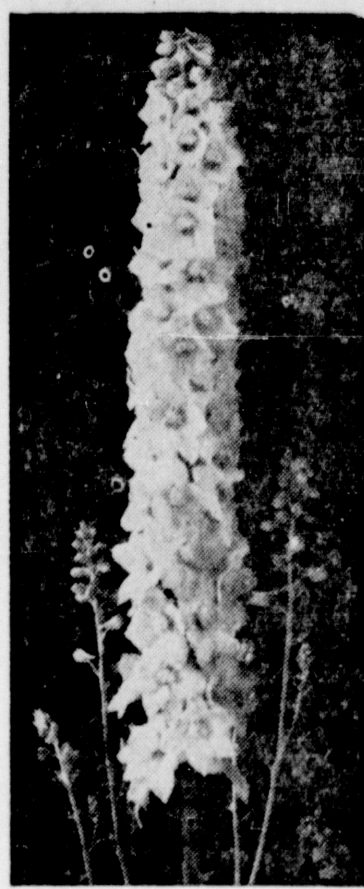

The spokesman said a number of West German firms were studying concrete projects for development in North Africa in cooperation with France.

Glamorous Perennials Are Easy To Grow From Seed

Named varieties of Pacific Hybrid Delphiniums, favorite American strain, come true from seed.

While remarkable improvements have been made in annual flowers, it is impossible to make a garden display throughout the season with these alone.

In spring and early summer all garden color is supplied by plants which passed the winter in the ground, and are full grown when it thaws out; in other words, the perennials.

Throughout summer and fall, also, perennials are important, supplying the largest and tallest flowers in the garden, as well as a host of others which contribute beauty that annuals cannot replace.

New varieties of perennials are outnumbered by new annuals each year, and it may be found difficult to buy plants of old favorites, which no new varieties can improve upon, or even equal.

But their seeds are available, and home gardeners can grow many perennials from seed, at a fraction of the cost of plants, and no more trouble than it takes to grow vegetables.

The blue anemones, dainty columbines, dwarf white arabis, and yellow anemones are lovely flowers.

ers, easy to grow, and once established will become old friends, blossoming each year at the same time, in the same place, in your garden. Hardy geraniums, carnations, and a long list of other dianthus or hardy pinks, grow easily from seed.

The finest strains of the stately delphinium are grown from seed. Numerous shasta daisies both and the yellow coreopsis, crimson gaillardia and pyrethrum provide daisy flowers all summer long. Hollyhocks, both single and double, are best grown from seed, as well as lupins, linums (flax), veronica and many others.

In northern states do not wait un-

til summer to sow perennial seeds, but set aside part of the vegetable garden for them. Sow their hardy seeds when you sow hardy vegetables. To make seed go farthest, you can start them outdoors in flats, and transplant the seedlings to nursery rows, where they will receive the same feeding and cultivation that you give vegetables.

The cool weather and moisture of spring and early summer are just what perennials like to get a good start, and by midsummer they will be strong enough to endure hot, dry weather, which to infant plants would be an ordeal.

Plants given room to grow will thrive under this treatment and by fall should have made large clumps which can be transplanted to the garden, there to bloom for many years, with a minimum of care, yielding a bountiful crop

Joanne's sister, Rosa Ann, was in University Hospital in serious condition.

The parents of the children, Mr. and Mrs. Douglas Southworth, escaped injuries when another car piled into a trailer being pulled by the Southworth's automobile. Southworth had pulled off to the side of the highway to change a flat tire when the other machine crashed into the trailer.

MAY DAY MARRED BY VIOLENCE IN SOME AREAS

By THE ASSOCIATED PRESS
Workers throughout the world marched in traditional May Day celebrations yesterday. Religious and political leaders on both sides of the Iron Curtain took grim note of East-West tensions.

Violence broke out in France. Algerian nationalists took the occasion to stage independence demonstrations and wound up in scuffles with the police. At least 41 persons were injured and 70 demonstrators were arrested.

The day, established as labor day by the International Socialist Congress in 1889, was observed by Communists and non-Reds alike.

In Moscow, President Eisenhower's wartime friend Marshal Georgi Zhukov stood in drenching rain reviewing a parade of Russia's military might. But the rain forced cancellation of the usual mammoth march by "spontaneous" civilian demonstrators. The customary air force fly-past also was canceled.

Later Zhukov, the Soviet defense minister, blasted "imperialist" threats and provocations in a speech and said the Paris agreements to free and rearm West Germany increased world tensions.

Peiping radio said Red China's leader Mao Tse-tung observed the day watching a "seemingly endless parade" down Peiping's Central Boulevard. Peiping Mayor Peng Chen made the May Day speech with a call for strengthened defenses and "liberation" for Formosa.

At Vatican City, Pope Plus XII addressed hundreds of thousands of workers assembled from all parts of Italy in St. Peter's Square. The 79-year-old pontiff urged modern society to achieve social peace and delivered stern words against communism, although he did not mention it by name.

Arthur Deakin Dies
The Pope concluded his 25-minute speech by proclaiming the liturgical feast of St. Joseph the Workman to be celebrated each May Day.

British celebrations were marred by the death of one of the nation's top labor leaders, anti-Communist Arthur Deakin. He succumbed to a heart attack suffered while addressing a May Day rally.

There were highlights of the celebration:

Fire Destroys Race Track Grandstand

GREENSBORO, N. C. (P) — A windswept fire burned a wooden grandstand at the Greensboro Fairgrounds track yesterday. It collapsed minutes after more than 2,000 stock car racing fans had rushed to safety.

Four minor injuries reported. Twenty cars parked near the grandstand either were destroyed or badly damaged.

There was no estimate of damage. Officers theorized a lighted match or cigarette was dropped through a crack in the wooden floor, starting the fire.

were injured and 70 demonstrators arrested in a parade of Algerian nationalists near the big textile center of Lille. At Maubege, 47 miles southeast of Lille, 21 others including nine police were hurt in a similar clash when authorities tried to break up a parade of 500 Algerian nationalists.

Quiet In Berlin

Berlin—The divided city had its quietest May Day since the war. In West Berlin 100,000 citizens marched to the traditional rally at City Hall and heard Mayor Otto Suhr declare Berlin must get ready to become the capital of a unified Germany. About 350,000 East Berliners marched along Unter Den Linden to Marx-Engels Square past a reviewing stand of German and Soviet officials.

Yugoslavia — Troops, workers and youth groups paraded in Belgrade while President Tito beamed approval.

Argentina — Organized workers demonstrated in Buenos Aires against the Roman Catholic Church and voiced support for President Peron in his running battle with the church.

Avert Violence

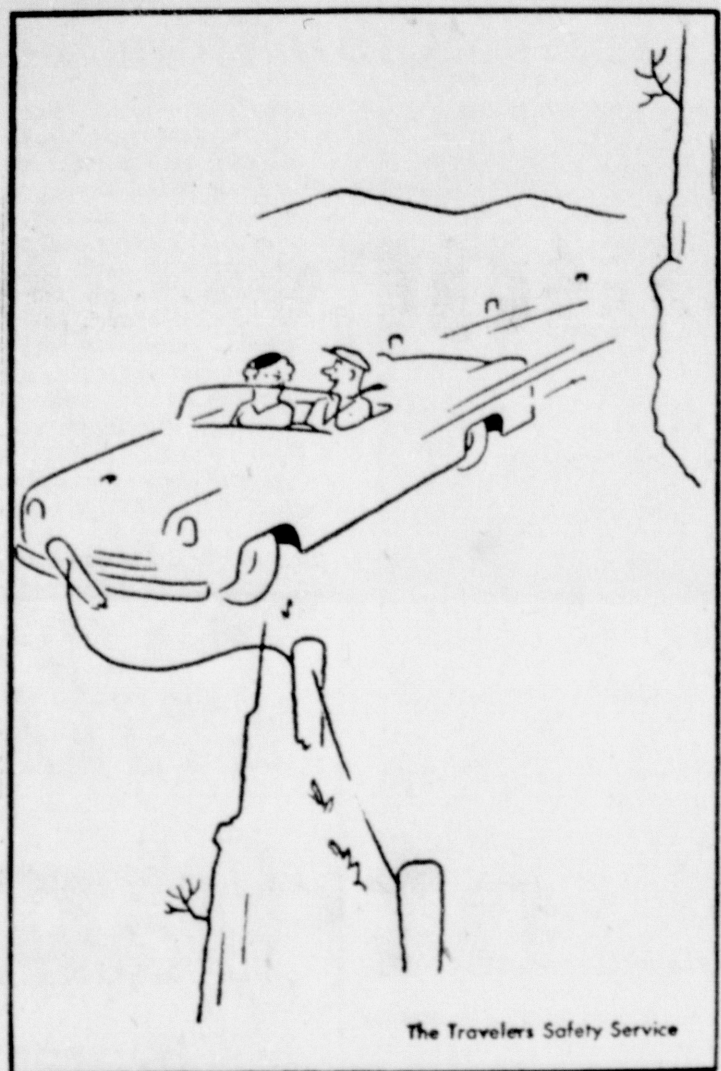

Singapore—Violence was narrowly averted when demonstrators emerging from a leftist ally tied to march through the city's streets. Riot police dispersed them.

United States—May Day is not observed officially in the United States, which marks the first Monday in September as Labor Day. But many cities—following a custom of recent years—staged Loyalty Day demonstrations to counter possible leftist demonstrations. Thousands turned out in New York, which held its Loyalty Day observance Saturday. Patriotic organizations staged their eighth annual parade down 5th Avenue.

FRANCE CAN'T HOLD GRIP ON SOUTH VIET NAM

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (P)—Bao Dai has become a symbol of the inability of the French to face reality in the 20th century; the determination of the people of Asia to shake off colonialism for independence.

The French seem incapable of ending the chaos in South Viet Nam in Indochina, where they have had a succession of disasters. Unless the United States can end it, the Communists seem certain to take over.

The French had bought Indochina as a colony in the 19th century. They were driven out in World War II, which smashed West European colonialism in most of Asia. But they wouldn't look at the clock.

They moved back in after the war. They were too impoverished to defend it from outside attack. They thought they were strong enough to control the natives. They weren't. But they couldn't bring themselves to let go.

Failed To Get Leader
Nor did they build up any Vietnamese leader who could have been a real head of state and rally point for his people against communism. Instead, they picked Bao Dai, former emperor of the province of Annam, as chief of state.

Bao Dai, in France, remained chief of state. The United States, now hearing most of the cost of trying to build up South Viet Nam to keep it from communism, pushed the French into naming Ngo Dinh Diem premier.

This man has been described as honest, a nationalist who balked at being led around by the nose by the French. The French began to cool off on him.

Last week an army of bandits, called the Binh Xuyen, who live off the proceeds from houses of prostitution in South Viet Nam, made civil war on Ngo Dinh Diem to throw him out.

Bao Dai, from his mansion on

the far-off French Riviera, and with French blessing, told Ngo Dinh Diem to get out. The latter refused. The United States backed Diem, who now seems to be more firmly in control.

At this point the question seems to be: How much progress can the United States make in saving South Viet Nam if the French, refusing to learn any lesson, pull in the opposite direction?

GOLD IN TILLS OF INDUSTRY IN FIRST QUARTER

By SAM DAWSON

NEW YORK (P)—There was gold in the corporate tills the first three months of the year.

The first 464 corporations to report their net profit after taxes in the first quarter of 1955 show today that their combined earnings topped their net income of a year ago by 27.2 per cent. Four out of five show an increase in profits over last year.

Stockholders are sharing part of the gain. Cash dividends paid during the period by all corporations issuing public reports approached 2½ billion dollars, 6 per cent more than in the first three months of 1954.

Slump Year Ago
Not every shareholder gained. Some corporations skipped or lowered dividend payments.

The striking gain in profits over the 1954 first quarter would be misleading, however, if you didn't remember that a year ago many business firms and some industries were in the midst of a slump. Railroads are an example. Of the 35 reporting so far, all but 6 are doing much better this year.

And last year 6 of the 35 were using red ink. A big gain in freight volume, plus some paring of costs, pushed the combined earnings of the 35 77 per cent above a year ago.

Coal, which was even more depressed last year, is making a mile comeback. The total for 12 companies is 218 per cent higher than a year ago, when 6 were operating at a loss.

Steels Show Gain

The 33 steel companies in the list show a 70 per cent profit gain over a year ago, reflecting the general industrial recovery. The 45 mining and metalworking companies show a combined gain of 54 per cent.

Of the 464 corporations, 98 made less this year than last. There were 17 companies reporting a loss, again 33 a year ago.

Four industry groups show declines from a year ago: brewing, railway equipment, electrical equipment and containers. In the case of electrical equipment this was largely due to a big drop in earnings by one of the largest companies for reasons it calls special and temporary.

U.S. Reaffirms Support Of Diem As Coup Attempts Fail

By JOHN RODERICK

SAIGON, South Viet Nam (P) — The United States reaffirmed its support of embattled South Viet Nam Premier Ngo Dinh Diem today.

U. S. Charge d'Affaires Randolph Kidder told newsmen American backing for the tough little anti-Communist Premier, announced by the State Department two days ago, still stands.

Kidder made his statement at the Saigon airport just after presidential envoy J. Lawton Collins flew in from Washington. Gen. Collins returned to find Diem back in the saddle after beating down an attempted weekend coup.

The general himself refused to comment.

Split Remains
The split between French hostility to Diem and the continued American backing for him was underlined by the absence from the airport of Gen. Paul Ely, France's commissioner general for Viet Nam. Collins was greeted by Foreign Minister Tran Van Do and Vietnamese and American officials.

Collins hastened back from conferences in Washington when a brief civil war broke out last week. The general was expected to confer at once with Diem on the confused political events which nearly

toppled him from office.

An uneasy quiet prevailed in Saigon but Diem's most recent opponent, Gen. Nguyen Van Vy, hurried back to Dalat, 240 miles north-east of the capital.

Vy, acting on orders from chief of state Bao Dai, had proclaimed himself in "supreme power" yesterday. However, the Vietnamese army took orders from Vy for only a few hours and then switched its loyalty back to Diem.

Decree Annulled

Diem's government announced today that Bao Dai, who had tried to clip the Premier's power—or even oust him—by remote control from France had annulled his decree naming Gen. Vy army commander.

Apparently backing down in the face of Diem's successes against both Vy and the Binh Xuyen private army, the former Emperor hurriedly cabled assurance he was not hostile to Diem. Bao Dai said he had not been fully informed of the real situation.

This was in sharp contrast with earlier messages accusing the Premier of stirring up turmoil and summoning him to France at once.

May Oust Emperor

Bao Dai messaged Diem last night that he was interested only in avoiding civil war and getting

backing.

A Diem spokesman had warned yesterday that if Bao Dai "doesn't come to his senses," the Premier would consider seriously demands by the National Revolutionary Committee that Bao Dai be ousted as chief of state. The committee's a congress of 18 political parties and 35 Vietnamese leaders. It apparently has only advisory powers.

Diem was reported holding off formation of a new provisional government until he gets word from Collins whether the United States would recognize such a regime.

GENE LITTLER SMASH WINNER AT LAS VEGAS

LAS VEGAS, Nev. (P)—The golfers headed today for Texas and the Colonial Invitational at Fort Worth and leading the band from here was California's Gene Littler, richer by \$10,000 from his sweeping victory in the \$37,500 Tournament of Champions.

The 25-year-old professional from Pal Springs scored a run-away triumph in the windup yesterday. He shot a final par 72 over the Desert Inn Country Club course and outdistanced the field by 13 strokes. It was not a record. Ben Hogan once won the Portland, Ore., Open by 14 strokes.

8 Under Par
But Littler's win was a smasher, with a 72-hole total of 280, eight strokes under par for the distance. He entered the final round 10 strokes ahead of the field.

Tied for second place with 293s, and winner of \$2,569m6y apiece, were three mighty mites, Bob Toski, Jerry Barber and Pete Cooper.

Farther down were National Open champion Ed Furgol, Billy Maxwell and Cary Middlecott, tied at 296.

In the headache division were Sam Sneed, with a final 78 for 299, and a pre-tournament hope, Mike Souchak, last in the line at 310.

Losing Crowd For Atomic Experiment

SURVIVAL CITY, Nev. (P)—The atomic civil defense experiment, whose 5,800 participants and observers have dwindled to less than half because of repeated delays, has been postponed once again.

The elaborate test of a model town, tanks and weapons now cannot be held until tomorrow at the earliest, and the Atomic Energy Commission says the outlook for then is not good.

Originally set for last Tuesday, the big public show has been postponed by unfavorable winds and cloud conditions. The latest delay, announced at a weather conference last night, was because winds threatened to deposit radiation fallout on this model community, observers at News Nob, and the AEC control point at the Yucca Flat test site.

Ill After His Salk Shot; He Has Mumps

SACRAMENTO, Calif. (P)—An 8-year-old boy who made news by becoming ill two days after being inoculated with polio vaccine turned out to be a victim of the mumps.

The boy, son of a couple stationed at nearby Mather Air Force Base, was placed in isolation at the Sacramento County Hospital last week as a possible polio case. But City-County Health Officer I. O. Church announced last night the boy has mumps.

TEACHER FIRED, BOY SUSPENDED IN SCHOOL FUSS

BEACH HAVEN, N.J. (P)—An incident of classroom trouble between a teacher and a student came to light on Friday when the instructor was fired and the student suspended.

School authorities said the boy tried to stab the teacher with a two-inch blunt object because he had been questioned about a missing safety patrol badge.

The boy is the son and nephew of two school board members. Dismissal notice was handed yesterday to Donald B. Hatmaker, 50, a former Elizabeth lawyer. He said no explanation was given and he was denied references for another job.

Uncle Heads School Board

Board Secretary Harry T. Willis said Hatmaker is "a very fine man but not a school teacher," adding that there was trouble in his class within three months after he was hired last September.

The boy, Fred Lane Jr., was denied school privileges pending a hearing before the Board of Education of this Ocean County community. No date was set.

His uncle, Fred Bell, is school board president. His father, Fred Lane, is a school board member, according to Willis.

The dismissed teacher told newsmen he questioned each pupil in his sixth grade class at Beach Haven Public School about the missing badge. He said the Lane boy burst into tears when questioned and denied knowledge of the matter.

Willis confirmed that the boy then lunged at the teacher with a

Hughes Votes Are Whose In Wales?

HOLYHEAD, Wales. (P)—The voters of the Anglesey district have a problem: Whose Hughes is whose?

In the national election May 26, Anglesey's House of Commons seat will be won by Mr. Hughes. That's certain. But which Hughes?

The Labor party candidate is lawyer Cledwyn Hughes, 38, who holds the seat now. The Conservative party is running schoolmaster Owen H. Hughes, 43. The Liberal party, not to be outdone, has entered newsman John William Hughes, 45.

HEADS B'NAL BRITH

ATLANTIC CITY, N.J. (P)—A four-state region of the women's Grand Lodge of B'nai B'rith has elected Mrs. Nathan Holstein of Pittsburgh as president.

Mrs. Holstein, who succeeds Mrs. Albert D. Mazod of Philadelphia, was chosen yesterday at the annual district convention by delegates from New Jersey, Pennsylvania, Maryland and West Virginia.

The following other officers were named: Mrs. Nat Juman, Union City, first vice president; Mrs. Ellis H. Allar, Atlantic City, second vice president; Mrs. Samuel Zack, Harrisburg, Pa., third vice president; Mrs. Benjamin Finkelstein, Pittsburgh, fourth vice president.

ONE KILLED, SIX IN ACCIDENT ON RT. 22 SATURDAY

LEWISTOWN, Pa. (P)—One man was killed early Saturday and six others injured nine miles east of here on Route 22 when a car collided head-on with another auto, then careened into a parked truck.

Pfc. William Campbell of the Lewistown state police station, said Clarence L. Dunn, 47, of Mifflintown, driver of one car, was killed and five of his passengers were injured. The driver of the parked truck was also injured.

In the Lewistown Hospital were:

Donald C. Neiman, 40, fractured right ankle; Paul Singer, 47, contusions; Charles Tyson, 52, broken right shoulder; Howard Mimther, 48, lacerations and fractured right ankle, and George Smith, 33, broken right ankle. All were Dunn's passengers and are of Mifflintown.

Hit Car And Truck

The injured truck driver, also in Lewistown Hospital, is Glen E. Stevanus, 33, Meyersdale.

Campbell said Dunn and his passenger were returned from a banquet staged in Lewistown by Dunn, who was president of the Mifflintown Fire Co.

The Dunn car, Campbell said, swerved into the left lane and collided with a car driven by Edwin W. Dunkleberger, 22, an assistant instructor at Pennsylvania State University.

The Dunn car then swerved off the left side of the highway into Stevanus' truck. The truck driver had parked his vehicle off the highway in order to take a nap.

Dunkleberger and three passengers, all students at the university, were unhurt in the crash.

Fairless Asserts U.S. Steel Prospects Best In History

WOMAN KILLED, 11 INJURED IN HEADON CRASH

ELLENTON, Pa. (AP)—One woman was killed and 11 were injured—
one critically—in what re-
mote community yesterday in this
state police called "the worst ac-
cident for injuries in Lycoming
County in 10 years."

Capt. Wilber M. Smith, com-
manding officer of the Montours-
ville State Police Station, said Mrs.
Harold Bender, of Muncy Valley,
was killed when the car driven by
her husband collided head-on with
one driven by the Rev. L. F.
Meyers, of Ulster, a minister.

Dr. Earl R. Miller, Lycoming
County coroner, said Mrs. Bender
died instantly of a broken neck.

Smith said the two cars crashed
at the top of a knoll on a 10-foot
wide rural road in the heavily
wooded region 50 miles north east
of Williamsport.

Father In Hospital

Injured in the Bender car were
Bender and Vicky Marquardt, 7.
Bender, an undertaker, was listed
as serious and Vicky was listed as
fair at the Muncy Valley Hospi-
tal. Vicky's father, Robert Mar-
quardt, is a patient at the hospital
as the result of a lumbering ac-
cident.

Four other Marquardt children
were treated at the Muncy Val-
ley Hospital and discharged.

In critical condition at the Troy,
Sullivan County hospital, was Mrs.
Chester Leonard, of Roaring
Branch, a passenger in the Meyers
car.

Listed as fair at the Trop Hospi-
tal were: Meyers, Mrs. Austin
Williams, and Miss Alta Miller.
In fair condition at the Blossburg
Hospital was Mrs. Bertha Spencer,
also a Meyers passenger. All of
the injured women were from
Roaring Branch.

Smith said Meyers was driving
east to Mildred, Sullivan County,
to do some mission work for his
church when the accident occurred
yesterday afternoon.

Outlines Expansion

He harked back to his joining
the company nearly 20 years ago
and outlined the tremendous expan-
sion made by U.S. Steel since then.

In the 19 years from 1936 through
1954, Fairless said, the cor-
poration's steelmaking capacity in-
creased by about 30 per cent, its
shipments 70 per cent, and its total
work force 20 per cent.

Sales and employment costs quad-
rupled in that period, he added,
and the tax bill is nearly 5 1/2 times
as large as it was in 1936.

"Yet in the face of all these
mounting costs, the price of steel
went up only about 1 1/4 times," said
Fairless.

During the period, he went on,
payments to employees totaled more
than 16 billion dollars
